- This was a passion job, exhilarating, exciting and highly self-enriching for my personal development.
- A creative release exploring a new angle in a fast passes diffcukt & limited enviroment.
- Paid on commission alone, I learned on my feet to achieve results & build connection with clients on the go in risky conditions (often the edge of a waterfall...)

Honors project

Nesk adventure camera bag

Independent recached, developed, manufactured and marketed product.

Final year 2023

- **What is it:** "nesk" is a waterproof camera, lens, and bottle bag, made for aquatic adventure sports such as, canyoning, sea or whitewater kayaking and sailing.
- **What makes it different/incipitive:** The design configuration options to meet the demands of individual photographers and work in tandem with required sporting equipment, harness, buoyancy aid etc.
- **How it meets the consumers desires:** An important purpose of "nesk" is to improve easy and quick access to your equipment and give confidence your camera is protected fome water and impact damage.

Brands I worked on:

- Jack Wills	- Arctic Army
- Slazenger	- Everlast
- Pretty green	- Firetrap
- Karrimor	- Nevica
- Dunlop	

Currently to date I have over 34 products designed by me in stores across 3 continents.
