FRASERS GROUP

Junior Product Designer (1 Year Contract)

May 2024 – June 2025

- Researching new product opportunities & presenting relevant trend research.
- Presenting creative product range plans with varying cost points.
- Daily use of Adobe Illustrator to accurately communicate products through tech packs.
- Hands-on, in person experience Collaborating directly with factories, problem solving, negotiating and communicating.
- Focused experience in backpack design along with other soft goods.
- Strong teamwork whilst communicating ideas & designs between departments for development whilst ensuring continuity with all current products.

TISO

Customer Sales Position

July 2025 – Present

- In-depth knowledge of a wide range of outdoor equipment and technical apparel.
- Explaining product design features, materials, and fit.
- Engaged with and attended training with brand ambassadors from Rab, Montane, Yeti, and Lyon.
- Advised customers on selecting appropriate products based on activity, environment, and individual requirements.

Diageo (Glen Ord Distillery)

Tour Guide / High end sales Cocktail bar

February 2024 – May 2024

- Confident in my ability to communicating clearly with large groups of people.
- Soft people skill developed from selling of high-end scotch whisky. Learned to deeper understand peoples expectation of products and the power of perspective over reality.

The Adventure Photographers

Independent photographer

March 2023 – October 2023

- This was a passion job, exhilarating, exciting and highly self-enriching for my personal development.
- A creative release exploring a new angle in a fast-paced difficult & limited environment.
- Paid on commission alone, I learned on my feet to achieve results & build connection with clients on the go in risky conditions (often the edge of a waterfall...)

Honors project

Nesk adventure camera bag

Independently researched, developed, manufactured and marketed product.

Final year 2023

- **What is it:** "nesk" is a waterproof camera, lens, and bottle bag, made for aquatic adventure sports such as, canyoning, sea or whitewater kayaking and sailing.
- **What makes it different:** The design configuration options to meet the demands of individual photographers and work in tandem with required sporting equipment, harness, buoyancy aid etc.
- **How it meets the consumer desires:** An important purpose of "nesk" is to improve easy and quick access to your equipment and give confidence your camera is protected from water and impact damage.

Brands I worked on:

- Jack Wills
- Slazenger
- Pretty green
- Karrimor
- Dunlop
- Arctic Army
- Everlast
- Firetrap
- Nevica

Currently to date, I have over 34 products designed by me in stores across 3 continents.
